Objective

Aspiring MERN Stack Developer with a passion for building dynamic and responsive web applications. I'm an enthusiastic learner diving into MERN Stack development. I'm excited to use my growing skills in JavaScript and full-stack development to contribute to dynamic web projects and continue learning in the tech industry. I also have a bit of knowledge about Android app development using Android Studio and Firebase.

Education

MATRIC

- 2017 – 2019 (Marks: 909/1100)
- The Educators, Narowal

FSC (ENGINEERING)

- 2019 – 2021 (Marks: 684/1100)

Skills & Abilities

WEB DEVELOPMENT

- Front-end: HTML5, CSS3, Bootstrap, JavaScript, (React.js → Learning)
- Back-end: Node.js with Express.js (Learning)
- Database Management: Postgre SQL, MongoDB, Mongoose, (Learning)

COMMUNICATION

I'm an effective communicator with a knack for fostering collaboration and teamwork. I've honed my ability to convey ideas clearly and adapt to different audiences through various university projects and presentations.

LEADERSHIP

I've had the opportunity to lead all presentation groups and various university projects, honing my communication, collaboration, and organizational skills. Currently, I'm leading our Final Year Project (FYP), guiding the team through the planning and ongoing execution phases. This experience is helping me further develop my team management and problem-solving abilities.

Experience

☐ Fresher
